INTRODUCING THE HOSPITAL SURGICAL CAPACITY BUILDING PROJECT (HSCB)

THE ICRC WANTS TO ADAPT & ADJUST QUICKLY TO MODERN CONFLICTS

BUT THERE ARE PROBLEMS...
A LACK OF STAFF WHO ARE TRAINED IN WAR SURGERY

FORGOTTEN CONFLICTS

ACCESS HAS BECOME INCREASINGLY DIFFICULT

WHAT TO DO
ANTICIPATORY CAPACITY BUILDING!
WE NEED TO RECRUIT AND TRAIN STAFF TO BE AGILE

AND TO HAVE A LASTING IMPACT, WE MUST HAVE A DUAL MISSION:

1. PROVIDE EMERGENCY & LONG-TERM RESPONSE
2. BE SUSTAINABLE THROUGH LOCAL CAPACITY BUILDING

TO REACH THESE GOALS WE NEED:
PARTNERSHIPS

COULD YOUR UNIVERSITY ACCREDIT ICRC TRAINING COURSES?

CAN WE COLLABORATE ON HUMANITARIAN SURGICAL CARE IN THE REGION?

FAST AND FLEXIBLE PREPARATION FOR OPTIMAL DEPLOYMENT

ONLINE COMMUNITIES OF PRACTICE FOR ONGOING PROFESSIONAL SUPPORT

THROUGH THE HSCB PROJECT, WE WANT TO HELP AS MANY VICTIMS OF CONFLICT AS POSSIBLE
