Subtype of document:	Numéro spécial de périodique
Title:	HIV/AIDS, security and conflict : making the connections
Author zone:	Marion Couldrey and Maurice Herson ed.
Host item entries:	Forced migration review,
Languages:	English
Abstract:	The interconnections between conflict and HIV/AIDS are more complex and less obvious than is often thought. HIV/AIDS affects the lives of many: those people caught up in conflict, those who are the protagonists in conflicts, and those whose role it is to provide security during and after conflict.
