Physical description:	XI, 295 p. ; 23 cm
ISBN:	978-1-107-60032-4
Languages:	English
General Note:	Index
Abstract:	This fully revised fourth edition of Constraints on the waging of war considers the development of the principal rules of international humanitarian law from their origins to the present day. It particularly focuses on the rules governing weapons, and the legal instruments through which respect for the law can be enforced. Combining theory and actual practice, this book appeals to specialists as well as to students turning to the subject for the first time.
