The resort to drones under international law / Mary Ellen O'Connell

Document type:	Article
Title:	The resort to drones under international law
Author zone:	Mary Ellen O'Connell
Host item entries:	Denver journal of international law and policy,
Languages:	English
General Note:	Photocopies
Abstract:	When may a state lawfully resort to drone attack? It must be first analyzed whether resort to weaponized drones is lawful under jus ad bellum before turning to the jus in bello to determine whether the way drones are used is lawful.
