Title:	The Tallinn Manual on the international law applicable to cyber warfare : a commentary on chapter II : the use of force
Author zone:	Nicholas Tsagourias
Host item entries:	Yearbook of international humanitarian law,
Languages:	English
	Bibliographie : p. 40-43
Abstract:	This article presents and critically comments on the jus ad bellum rules found in Chapter II of the Tallinn Manual: that is, Rules 10–19. The aim of this commentary is to draw attention to certain important but contested issues, identify jurisprudential ambiguities, and where possible offer alternative views.
