Title:	Forensic identification of human remains
Author zone:	ICRC
Editor:	Geneva : ICRC, December 2013
Physical description:	11 p. : fotogr., ill. ; 21 cm
Series:	In brief
Languages:	English
Abstract:	When a missing person is believed to be dead, two complementary lines of investigation have to be opened: tracing that person's whereabouts and scientific identification of human remains. This brochure outlines the forensic process of identifying human remains, with an emphasis on the scientific matching of data.
Authors:	CICR
