Abstract:	A compilation of the four electronic quarterly international humanitarian law bibliographies issued by the ICRC Library during the year 2014. It contains articles, chapters, books, reports and working papers in English and French. Subject headings include general issues, types of conflict, armed forces and non-state actors, multinational forces, detention and treatment of persons, private actors, protection of persons, protection of objects, conduct of hostilities, weapons, law of occupation, international criminal law, human rights, implementation, contemporary challenges and countries.
