Physical description:	221 p. : tabl., fotogr., diagr. ; 21 cm
Series:	[Reference (ICRC)]
General Note:	Only available as a PDF
Language(s):	ara
Abstract:	This handbook is the result of lessons learned by the ICRC from implementing microeconomic initiatives (MEIs) in various countries. An MEI is an income-generating programme that takes a bottom-up approach, involving beneficiaries personally in identifying and designing the help they receive. This can be vocational training, productive grants or microcredit loans, or a combination of all three.
