Series:	[In brief]
Language(s):	ara
Abstract:	A brief introduction to how we provide people with emergency relief and support their long-term economic recovery through cash and vouchers. Fast, flexible and safe, this kind of support can help people weather a crisis and rebuild their livelihoods, and keep the local economy going. Through economic security programmes such as these, we bring victims of armed conflict and other violence rapid and flexible assistance to meet their essential needs and cover unavoidable expenses in ways that are sustainable and respect their dignity.
